

S & L Logistics: Rapid. Responsive. Reliable.

Offering comprehensive freight management and ground transportation, S&L Logistics can service your local, regional, national and international (Quebec & Canada) requirements. Our strength lies in our ability to provide timely and effective transportation support to increase efficiency, add capacity and ongoing value to you and your customers.

S&L's multi-point resource model provides flexible and customized options through the utilization of on-premise trucks and equipment or by accessing our diverse and trusted network of carriers. Our model supports cost and overhead containment, simplifying or expanding your internal requirements.

OUR SERVICES

- Truckload & LTL Transportation Services
- Inbound & Outbound Freight Management Programs
- On-Site Logistic Services – Your Place, Your Staff or Ours!
- Third-Party Transportation Management & Administration

OUR EXPERIENCE

A certified woman-owned and government supplier, S&L has over 50 years experience in traffic, transportation and logistics across a diverse set of industries. These include manufacturing, consumer products, construction, landscape materials and equipment, energy, recycling and remanufacturing.
